### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Louis Weinstein on March 2, 2005 for the changes to claims 1 & 12 and in a second telephone interview with Ryan O'Donnell on March 8, 2005 for the change to the continuing data contained in the specification.

The application has been amended as follows:

- 1) On page 1, in the second line of paragraph 0002: The phrase --now U.S. Patent No. 6,704,949,-- has been inserted before the term "which".
  - 2) In claim 1, line 4: The term --tubular-- has been inserted before the term "rail".
  - 3) In claim 12, line 4: The term --tubular-- has been inserted before the term "frame".
2. The following is an examiner's statement of reasons for allowance: The examiner respectfully asserts that none of the prior art, taken either singly or in combination, is seen to teach or suggest the use of a combination bassinet, changing table and bedside sleeper structure comprising the particular structure of a *board* for supporting a mattress; a substantially *oval-shaped tubular rail*; rail supports *secured to and extending upwardly from the board* for

Art Unit: 3673

supporting the rail a spaced distance above the board; and a second support for the rail, the rail supports and the board, wherein the second support is *joined to the board* and includes adjustable legs for adjusting a *height* of the board and the rail, as explicitly recited in Applicants' independent claims 1 and 12. As shown by the cited prior art, conventional board members used in conjunction with sleeper structures are generally supported within and not attached to a surrounding frame since these board members are intended to be removed whenever the sleeper structures are folded or collapsed for storage. Hence, it is considered that the application is currently in full and proper condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert G. Santos whose telephone number is (703) 308-7469. The examiner can normally be reached on Tues-Fr and first Mondays, 10:30 a.m. to 8:00 p.m..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Heather C. Shackelford can be reached on (703) 308-2978. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
